Dear Graeme

Just a note to thank you for your professionalism and efficiency in establishing our insurance cover. We have complete confidence in your ability to deal with negotiations on our behalf, knowing that you have marketed our insurance to various companies in order to reach the most competitive package.

Your friendly, approachable manner makes the communication process so much easier regarding an area that can sometimes be quite complicated and worrying!

We would not hesitate in recommending your company to others.

With kind regards.

Yours sincerely
